

Designed for outward-facing window displays in direct sunlight

3,500cd/m2 Direct Sunlight Readable

Designed for shopfront windows, these displays feature commercial grade ultra-high brightness panels (3,500cd/m²) that are up to 10 times brighter than domestic televisions. This ensures that content really stands out, even the brightest direct sunlight.

450cd/m2

3,500cd/m2

Ultra Resistant to Blackening Defect (up to 110oC)

Thanks to their special ultra-high brightness panels, these displays can withstand surface temperatures up to 110oC without suffering from any blackening defect. This is crucial for outward-facing window displays, which must contend with exposure to direct sunlight.

110°C

80°C

- Sleek Thin Bezel
- Smart Temperature Control
- Lightweight Enclosure
- Landscape or Portrait
- Integrated Android Media Player
- 24/7 Commercial Grade
- External Light Sensor
- 3-Year Warranty
- Lifetime Technical Support

Specification Table

		43 Inch
Resolution		1920x1080
Bezel Size (mm)		18
Display Area (mm)		941.2x529.4
Aspect Ratio		16:9
Panel Brightness (cd/m ²)		3,500
Colour		16.7M
Viewing Angle		178°
Contrast Ratio		1,100:1
Blackening Defect Free		Up to 110°C (230°F)
Video		HDMI, VGA
AV Inputs		Audio Socket (3.5mm)
Audio		
Power Consumption (W)		267
Power Input Voltage		AC110~240V (50Hz~60Hz) (Manual switching necessary)
Unit Size (WxHxD mm)		980x568x85
Package Size (WxHxD mm)		1080x670x225
VESA Holes (mm)		400x300
Mechanical No. of Handles		4
Net Weight (kg)		19.2
Gross Weight (kg)		28
Operating Temperature	Surface Panel Temperature	Up to 110°C (230°F)
Environmental Storage Temperature		0°C to 50°C
Operating Humidity		-30°C to 60°C
Storage Humidity		10% to 80%
Media Formats		5% to 95%
Media Resolution		Video (MPG, AVI, MP4, RM, RMVB, TS), Audio (MP3, WMA), Image (JPG, GIF, BMP, PNG)
CPU		1920x1080/1080x1920
GPU		Quad-Core ARM Cortex A17, 1.6GHz
RAM		Quad-Core ARM Mali-T764
Computer Internal Storage		DDR3 2GB
USB		8GB eMMC
LAN		1 x USB (OTG/HOST), 1 x USB (HOST)
Wi-Fi		100M/1000M Ethernet (Network Version Only)
Graphic Engine		802.11b/g/n/ac (Network Version Only)
Included Accessories		Android 7.1
Optional		OpenGL ES 1.1/2.0/3.0/3.1, OpenCL 1.1, Renderscript, Direct3D 11.1
Warranty Period		Scheduling Software, Remote Control, User Manual
Warranty Technical Support		Network Upgrade, Wall Mount, Floor Stand/Trolley, Ceiling Mount, Table Stand
		3 Year Warranty
		Lifetime

Technical Drawing

Why Choose Our Commercial Display Solutions?

Lifetime Technical Support

From the moment you receive your product, throughout the duration of your warranty and even after your warranty has expired we are here to support you. If you require any assistance setting up or using your product, or have any problems at all, we can provide free technical support via telephone and email.

On-site Support and Maintenance*

If needed, we can provide an installation service for any of our products. We can also set up service-level agreements for larger projects that require maintenance contracts.

Extended Warranty*

All of our commercial display products come with a 3 year commercial warranty as standard but if you want to extend this you can upgrade this to cover a 5 year period at point of purchase.

Training

As well as providing free remote CMS training sessions and webinars we can also visit you to deliver bespoke training for our software and hardware*.

Advanced Replacements†

Should your display suffer from any kind of hardware failure during the warranty period we will send you an advanced replacement and arrange for your old display to be collected, free of charge. This ensures no downtime where you are without a screen.

Custom Product Testing & Configuration

If you need us to test third party software or a website, or configure your screen in a particular way before it is dispatched (e.g. in a particular orientation or network mode), we can do so to make your life easier.

3D Rendering

Want to know how a particular screen will look once installed? Send us a photo of the location and we will create a 3D rendering of any screen in situ to help you to visualise how amazing it will look.

Logistics Support

We hold more stock in our UK warehouse than any other manufacturer so we can help you meet tight deadlines. For last minute orders we can also offer special express or morning delivery options*. We also carry out UK based quality control checks on every display before it leaves our warehouse.

Project Support

If you need to loan a sample unit to test we'd be more than happy to arrange this. We can also provide a rental service for temporary projects*.

Customisation*

Your display can be customised to suit your requirements by adding your logo or printed graphics or even tailoring the colour of a display. We can also carry out hardware modifications to existing products or manufacture bespoke solutions for special projects.

Extras*

As well as being able to provide accessories and add-ons, such as extra remote controls, NUC PCs and video wall controllers, we can also supply custom made flight cases which are great if a display needs to be moved safely from place to place.
