# 19" Android Advertising Displays

boost

Stunning displays that combine tablet-like aesthetics with a robust mild steel enclosure and tempered glass face

Plug and Play

Plug and Play is the most straightf orward way to upload content to the screen. Simply load images and videos onto a USB sti ck, insert into the display, wait for your content to copy over and then remove. Your images and videos will now play in a conti nuous loop.

Free Scheduling Software

These displays come with free scheduling soft ware for displaying diff erent content at diff erent ti mes of the day. If you prefer to keep it simple you can update the screen directly without using the soft ware.

450cd/m2 IPS Panel

Commercial grade IPS technology accurately displays image quality and colour depth with no fall-off in colour accuracy. These panels are designed to achieve ulti mate lifelike colour temperature when used in either landscape or portrait.

24/7 Commercial Use

These displays use a commercial grade LCD panel and LED backlight. They have the ability to be in constant use 24/7 for over 70,000 hours and have no external butt ons or controls to avoid tampering.
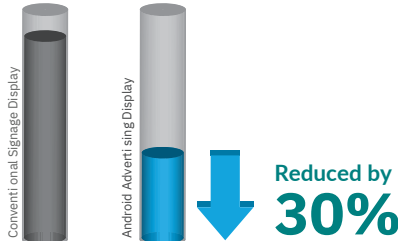

Other Features

Power Timer

The eco-friendly power ti mer allows you to assign daily or weekly on and off ti mes for your screen meaning that it is only in use when it needs to be; improving your environmental effi ciency.

Low Power Consumpti on

The LED backlight technology provides improved brightness and contrast. Their lifespan is drasti cally improved to over 70,000 hours and the power consumpti on is reduced by around 30%.

Why Choose Our Commercial Display Solutions?

Lifetime Technical Support

From the moment you receive your product, throughout the duration of your warranty and even after your warranty has expired we are here to support you. If you require any assistance setting up or using your product, or have any problems at all, we can provide free technical support via telephone and email.

On-site Support and Maintenance*

If needed, we can provide an installation service for any of our products. We can also set up service-level agreements for larger projects that require maintenance contracts.

Extended Warranty*

All of our commercial display products come with a 3 year commercial warranty as standard but if you want to extend this you can upgrade this to cover a 5 year period at point of purchase.

Training

As well as providing free remote CMS training sessions and webinars we can also visit you to deliver bespoke training for our software and hardware*.

Advanced Replacements†

Should your display suffer from any kind of hardware failure during the warranty period we will send you an advanced replacement and arrange for your old display to be collected, free of charge. This ensures no downtime where you are without a screen.

Custom Product Testing & Configuration

If you need us to test third party software or a website, or configure your screen in a particular way before it is dispatched (e.g. in a particular orientation or network mode), we can do so to make your life easier.

3D Rendering

Want to know how a particular screen will look once installed? Send us a photo of the location and we will create a 3D rendering of any screen in situ to help you to visualise how amazing it will look.

Logistics Support

We hold more stock in our UK warehouse than any other manufacturer so we can help you meet tight deadlines. For last minute orders we can also offer special express or morning delivery options*. We also carry out UK based quality control checks on every display before it leaves our warehouse.

Project Support

If you need to loan a sample unit to test we'd be more than happy to arrange this. We can also provide a rental service for temporary projects*.

Customisation*

Your display can be customised to suit your requirements by adding your logo or printed graphics or even tailoring the colour of a display. We can also carry out hardware modifications to existing products or manufacture bespoke solutions for special projects.

Extras*

As well as being able to provide accessories and add-ons, such as extra remote controls, NUC PCs and video wall controllers, we can also supply custom made flight cases which are great if a display needs to be moved safely from place to place.
